**Subject:** LPRSA EPA Model Code

Carol,

Just getting back to you to let you know that we are working on your request for the EPA's model code, inputs and outputs, discussed on Thursday, March 6. It will take several weeks to get the information to you. The first step is to order the hard drives that are necessary to hold the data. Actually downloading the inputs and the outputs will take additional time. (The code is less time consuming to download.) We will provide the model codes, inputs and outputs in the same format as provided to the CPG.

Please let me know if you have any questions.

Regards,

-Sarah
